Instructions.

(a) The Cotton Transport Act does not impose any general restriction on cotton transport but only on transport into specified areas (notified by Local Governments for protection) by rail, road, river and sea or by one or more of such routes. The notifications issued by the Government of Madras only prohibit transport by rail and sea and not transport by road and river. Each notification includes a schedule of railway stations in the protected area to which it refers. Licences are only required by concerns situated within the limits of a protected area. Licences granted under the Cotton Transport Act are available for the importation of cotton from anywhere in India but only to the stations specified.

(b) Cotton, as defined in the Act, includes ginned cotton, unginned cotton (kapas), cotton seed and cotton waste, but separate licences are required for each. Separate rules are also in force for the importation into protected areas of cotton by sea.

(c) Stationmasters or other railway servants responsible for the booking of goods or parcels at all stations in India are *empowered* by section 4 of the Act to refuse to book cotton to a notified station in a protected area unless a certified copy of the licence is handed in when the cotton is tendered for booking. Each consignment requires a separate certified copy which will accompany the railway invoice to destination.

(d) Stationmasters or other railway servants responsible for the receipt and delivery to the consignee of goods and parcels at notified stations are *required* by section 5 of the Act to refuse delivery of cotton from outside the protected area (which is defined by a list of stations) unless accompanied by a certified copy of the licence (or unless the original licence is produced).

(e) Paragraph 2 in the application form corresponds with condition (b) of the licence, the object being to safeguard the protected area against the misuse (which might be quite unintentional) of cotton imported under licence.

(f) The protected areas notified in the Madras Presidency are those contained in Government Notification, Development Department, No. 344, dated 18th November 1925.

G.O. No. 1285, L. & M., dated 16th April 1925.

The President of the Tiruvannamalai Taluk Board should have consulted the Collector and the other district officers as to the possibility of sparing Government officials for work as polling officers before fixing dates for the elections. The Government presume that application has been made to other departments of Government besides the Revenue Department for the services of Government servants to act as polling officers, and that use is to be made of Local Fund employees and suitable non-officials.

Fort St. George, October 3, 1925
(G.O. No. 3597, L. & M.).

No. 1314.—The organization and working of village panchayats are still in an early stage and the institutions need all the guidance and support that can be given them, particularly the guidance and support of the local district officers whose help can, in the opinion of the Government, do a great deal to form and direct them.

2. The Government do not doubt that Collectors and their assistants are already interesting themselves in the organization and progress of panchayats. They are at the same time instructing the Registrar-General of Panchayats to keep in close touch with the Collector of the district concerned, in all his activities and to enlist his co-operation and sympathy both in the formation of panchayats and in their subsequent proceedings.

3. The Government desire that the formation of panchayats and their working should be on a strictly voluntary basis.

They believe that the time has come for every village to realize the necessity of certain services and for it to be prepared to subscribe—each villager according to his means—so as to secure under the guidance of a body of their elders the provision of these services. The part of the Government is chiefly to frame laws and rules which legalize and control the action of villages in this regard. The part which the Government hope that district officers acting with the Registrar will play is to arouse the social conscience of villages and guide their steps towards realizing in fact an object now dimly perceived, namely, the attainment by means of association of individuals of improved physical conditions and intellectual advancement.

No. 1319.—Under section 137 (2) of the Madras Local Boards Act, 1920, the responsibility for enforcing vaccination in non-union areas rests upon the Taluk Board and its President, and in union areas upon the Union Board and its President. One of the duties of the recently reorganised District Health staff is to supervise vaccination work. It has been suggested that if control over vaccination were transferred from taluk boards to district boards the work of supervision by the District Health staff would be greatly facilitated. The Presidents of District Boards and the Taluk Boards have been consulted in the matter. The majority of the Presidents of District Boards are not prepared to agree to the proposal if their finances are to be affected thereby. The taluk boards are either definitely opposed to the proposed transfer or are prepared to agree to it only if they are not required in future to contribute anything towards the cost of vaccination.

2. In view of the opinions expressed by the Local Boards the Government have decided that no change in the existing arrangements is necessary.

Deputy Secretary to Government.

INSTRUCTIONS TO CANDIDATES APPEARING FOR THE EXAMINATIONS TO BE HELD IN 1926.

Candidates for University Examinations are required to observe the following instructions very carefully :—

1. Strict silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for giving out the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to each paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners; should they do so, their answers will not be valued, and their conduct will be reported to the Syndicate for disciplinary action.*

7. Candidates are not allowed the use of books of any kind (except as provided in rule 8). They are also prohibited from introducing into the examination room any book or portion of a book; slate, manuscript, or paper of any description; from communicating with or copying from each other, and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be sent out of the room forthwith, and his conduct will be reported to the Registrar. 11. Particular attention is requested to the instructions, regarding rough working and loose sheets of paper printed on the answer books. All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

12. As soon as candidates have finished writing their answers, and wish to give up their answer books, or at the end of the period prescribed for each particular part of the examination, each should stand up in his place and remain standing until one of the superintendents has gone up to him and has received his answer book from him.

AUCTION FOR SUPPLY OF RATIONS AND MISCELLANEOUS ARTICLES TO THE CENTRAL JAIL, VELLORE.

NOTICE is hereby given that the Superintendent will hold an auction at the Central Jail, Vellore, on Thursday, 10th December 1925 at 3 p.m. for supply of the following articles of rations for one year from 1st January 1926 to 31st December 1926. Intending bidders are requested to be punctual. In the case of suppliers who may be unable to attend the auction, sealed tenders will be accepted, provided they reach

the Superintendent on or before the day and hour mentioned above, and are accompanied by the earnest money specified in the schedule. Tenders, which will only be received on printed forms to be had free of cost on application, should be superscribed "Tender for supply of rations and miscellaneous articles to the Central Jail, Vellore." They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and ounces per rupee for delivery at the Central Jail, Vellore, the quantities being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid on tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the Jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition, they should before signing such agreements deposit a security of ten per cent of the total value of the supplies undertaken. (With the approval of the Inspector-General of Prisons, the total amount may be reduced in the case of approved contractors). Failing compliance within the time specified, the earnest money may be confiscated, and in the event of withdrawal they will also be liable to pay any differences between the rates accepted and those ultimately obtained by the Jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction. The earnest money will not be received in cash but should be deposited in the Bank in the name of the Superintendent, Central Jail, Vellore, and a receipt for the amount handed over at the time of entry into Jail for auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contracts should not be sublet.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringements.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract plus so much as may be needed to last for a whole month thereafter provided, in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the Jail except on a requisition signed by the Superintendent, or some responsible person authorized by him in writing to do so "by order."

8. No advance of cash will on any account be made to the contractors when giving orders, nor will the Jail pay freight or other charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the Jail on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees, to a fraction equivalent to half rupee or more, when they will be treated as a whole rupee for the purposes of the account.

9. During the prevalence of plague in the vicinity of the jail or in that of the areas from which supplies are drawn, all grain, etc., will be liable to be first exposed to the sun outside before being taken in. Also if for any other reason the Superintendent considers exposition of articles to sun necessary.

10. Central Jail, Vellore,
6th November 1925.

AUCTION FOR SUPPLY OF RAW MATERIALS AND MISCELLANEOUS ARTICLES TO THE MANUFACTORY DEPARTMENT OF THE CENTRAL JAIL, SALEM.

Notice is hereby given that the Superintendent will hold an auction at the Central Jail, Salem, at 3 p.m. on 10th December 1925 for the supply of the following articles for nine months from December 1925 to August 1926. Intending bidders are requested to be punctual. In the case of suppliers who may be unable to attend the auction, sealed tenders will be accepted provided they reach the Superintendent on or before the day and hour mentioned above and are accompanied by the earnest money specified in the schedule. Tenders, which will only be received on printed forms to be had free of cost on application, should be superscribed "Tender for the supply of raw materials and miscellaneous articles to the Manufactory Department of the Central Jail, Salem." They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and ounces per rupee for delivery at the Central Jail, Salem, the quantities being specified in words as well as in figures. Samples of articles required can be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition, they should, before signing such agreements, deposit a security of 10 per cent of the total value of the supplies undertaken (with the approval of the Inspector-General of Prisons the total amount may be reduced in the case of approved contractors). Failing compliance within the time specified, the earnest money may be confiscated and, in the event of withdrawal, they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contracts should not be sublet.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract, plus so much as may be needed to last for a whole month thereafter, provided, in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the jail except on a requisition signed by the Superintendent or some responsible persons authorized by him in writing to do so 'by order'.

8. No advance of cash will on any account be made to the contractors when giving orders, nor will jail pay freight or other charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the jail on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees, to which end annas forming part of the sum due on each bill will be disregarded unless they constitute a fraction equivalent to half a rupee or more, when they will be treated as a whole rupee for the purpose of the account.

9. During the prevalence of plague in the vicinity of the jail or in that of the areas from which supplies are drawn, the articles will be liable to be first exposed to the sun outside before being taken in; also if for any other reason the Superintendent considers exposition of articles to the sun necessary.

10. Contractors are required (under a penalty not exceeding Rs. 25) to invariably send with each supply a memorandum or advice note duly signed showing the number of quantity tendered for acceptance; also to sign and return within a week of payment by cheque, cash order or remittance transfer receipts all connected bills forwarded by the Superintendent for the purpose. Questions in connexion with any supposed short payment may be referred to the Superintendent separately, but are not to be made an excuse for delay or refusal to sign.

11. In addition to any difference in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs. 30 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or other justifiable reasons, he may also annul it, recovering all losses sustainable by the jail in consequence of the annulment from the security deposited by the contractors, or other moneys due to them, and in the event of any recalcitrance by legal measures if so advised.

12. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

13. Further information on any points concerning this notification can be had from the Jail office.

14. When once the rates offered at an auction or by tender have been accepted, lower quotations from others to the Superintendent or to the Inspector-General of Prisons will not be accepted.
